## **“Guided Pathways: An Integrated, System-Wide Approach to Improving Student Success”**

Managers - Gayle Barrett (MxCC/CSCU), Michael Buccilli (GCC/CSCU), Lindsey Norton (HCC/CSCU), Fran Rosselli-Navarra (MCC/CSCU), Heidi Zenie (TRCC/CSCU)

Join the Guided Pathway managers in an interactive discussion on the Guided Pathways Initiative (GPI) in the CSCU system. GPI is supported by national partners and is recognized as a data-driven model to improve student retention and completion. GPI supports students in making informed decisions about their pathway/program, ensures all students create a mapped plan of study, provides intentional support and outreach to keep students on plan, and clearly connects to employment and/or transfer goals. GPI focuses on campus representation, in particular from the community colleges. Managers will present examples of their early work including baseline data collection, relationship to the consolidation of the community colleges and framework for building collaboration.
