

# MATYCONN Presents

## *Beyond Crossroads* with Phil Mahler Middlesex CC, Bedford, MA

AMATYC's 2006 document *Beyond Crossroads: Implementing Mathematics Standards in the First Two Years of College* is intended to stimulate faculty, departments, and institutions to examine, assess, and improve every component of mathematics education in the first two years of college. "BC" builds upon the 1995 AMATYC document *Crossroads in Mathematics: Standards for Introductory College Mathematics*. Phil Mahler, one of the project's co-directors, will present an overview of this latest standards document for two-year college mathematics education.

## *Chaos Theory* with Harry Burt Naugatuck Valley CC
