

Math Issues Committee
September 14, 2007
Southern Connecticut University

Attending: Jean-Marc Cenet (TXCC), Rob Clark (TXCC), Paul Edelen (MCC), Teresa Foley (HCC), Miguel Garcia (GWCC), Pat Hirschy (ACC), Mark Leach (HCC)

Next meeting: 11:00 Friday, October 12, 2007, Gateway Community College

Miguel brought the meeting to order at 11:15. The committee discussed the transition of Tech Prep into College Career Pathways (CCP). Miguel offered to invite the Gateway CCP representatives to the next meeting. Committee representatives are asked to bring information to the next meeting regarding the on-campus transition of Tech Prep into CCP.

The committee discussed the possibility of common Accuplacer cut scores. Interest was expressed in considering a more comprehensive placement process.

This year the committee plans to review the math common numbers framework for sufficiency and for alignment among courses. Interest was expressed in the status of the Common Numbers Task Force. The committee would also like to collect information on innovative educational practices.

Miguel adjourned the meeting at 12:30.

Respectfully submitted,

Pat Hirschy
